To minimize auto accidents on campus, pay strict attention to all STOP signs and obey speed limits set forth in the UNCW Traffic & Parking Regulations handbook.

HURRICANE TERMS

Hurricane Watch: Issued when a hurricane continues to advance and threatens coastal and inland regions. A hurricane watch is issued for a specific area and for a specific period of duration, and everyone in the area covered by the watch should listen to the radio for further advisories and be prepared to act quickly if hurricane warnings are issued.

Hurricane Warning: Issued when a hurricane is expected to occur within 24 hours to identify coastal areas where winds of at least 74 mph are anticipated. When a hurricane warning is issued precautions should be taken immediately, as warnings are seldom issued more than 24 hours in advance unless the path of the storm is unusual or erratic. In that case warnings may be issued prior to the usual 24 hour period.

Small Craft Warnings: Issued when a hurricane moves within a few hundred miles of the coast to warn small craft operators to take precautions and not venture into the open ocean.

Gale Warnings: Issued when winds of 38-55 mph are expected.

Storm Warning: Issued when winds of 55-74 mph are expected.

Governor James B. Hunt, Jr., has issued the following message to all State agencies and university heads regarding the summer dress code:

> "With the arrival of hot weather, it is time to revive our summer dress code. Temperatures in state buildings will again be set at 80 degrees this summer, and it may get uncomfortable where you work. Men should feel free to work without coats and ties. Women should dress comfortably -- and appropriately." Any questions or special situations will be resolved by the responsible manager.

LCH AT ETING

Mrs. Betty Jo Welch, associate professor Speech Communication, will be parliamentarian for the National Convention of Congress of Parents and Teachers in Honolulu, Hawaii, June 15-19.

PY NTER

All academic departments are encouraged to bring tests and exams to the Copy Center to be duplicated. Tests and exams are priority jobs or while-you-wait jobs. If jobs are too large, they can be left and picked up later. The Center has a combination safe to keep test, exams and masters in. All copies, masters and test copies will be returned to the department.

The Copy Center has set up a new pick-up and delivery service for the first session of summer school. Pat Atkins, Copy Center student assistant, will pick-up and deliver jobs at 8:30 each morning, Monday through Friday. Call ext. 2183 if you are interested in this service.

LLIVAN TO CTURE

University of North Carolina at Wilmington
Wilmington, North Carolina

SUBJECT: Campus Energy Conservation Program

Dear University Friends:

The purpose of this letter is to call attention to the importance of energy conservation on the campus of the University of North Carolina at Wilmington.

As you may be aware, an Energy Conservation Program has been in existence at the University since 1973. Last year, the academic calendar was adjuste during the Christmas holiday period to minimize energy consumption. Physica Plant members are making every effort to maintain the air-conditioning and heating equipment in University buildings to insure maximum efficiency. Measures are being taken continuously to maintain the temperatures mandated by the Governor of North Carolina and the Federal Government.

During the current school year, further emphasis will be placed on energy conservation. Chancellor Wagoner plans to appoint an Energy Advisory Commi to make recommendations concerning energy conservation on campus. The Buil and Grounds Committee of the Faculty Senate and Student Government Associat representatives will also be called on to provide ideas and suggestions rela to conserving energy. A sign will be erected near the front of the campus to promote energy awareness and to depict information about the Campus Energ Conservation Program.

Please be assured that your continued support of this program is appreciate Your ideas and suggestions are welcomed.

Sincerely,

Jairy C Hunter
